Dear Mr. Strazdas,

Portage is an amazing place to live. It is beautiful to see the leaves change color from green to yellow, red, orange, or brown. The bike trails are great to ride on. There are many awsome playgrounds to play on. The food from the resturants is delicous. Portage has great places to fish. It is very fun to go to the Y.M.C.A. There are great zoos to go to. It is super fun to play in the snow. That is why I love Portage

Sincerly,

Dustin Briggs
