Why I Love Portage

I Love Portage!
I Love Portage because It's a fun and awsome place to live. One thing I love about Portage is the schools. The schools in Portage have good education and are lots of fun and because of that I love school Especially math and art. Another thing I love is the neighborhoods. The houses are very nice and so are the neighbors! I also love the parks. There is even a park right by my neighborhood! The parks in Portage are so much fun. Especially when I play with my sister. This is what I love about Portage!
