Dear Mayor Strazdas,

A home of freshness and happiness. A wonderland. That's Portage. In my opinion, Portage is a home to die for. Here are the reasons why I love Portage.

To start with, we have wonderful safe schools. Our school is fun, protected and we have nice, hard working teachers. Also at Lake Center Elementary school we get Chromebooks, drills, reading and math W.I.N. and specials like art, music, gym and library.

The second reason is that in Portage, have nice weather. We don't get many tornados or earthquakes. If we do get one they don't last long.

Last, Portage is a very clean city. You wouldn't find much trash laying around. Also most everyone tries to recycle rather than throw away.

In my opinion Portage is a great place to live in. We have good schools, good weather and it's a clean city. Who wouldn't want to live here?!

Sincerely, Kaitlyne Pazder
