Minnesota has numerous posh mansions, once owned by some of the country's most prominent people. Explore five mansions and hear their unique family tales. See impressive, personal collections and furnishings and uncover the (deathly) secrets two mansions hold.

Also included: dining at one mansion, a sunset dinner cruise, picnic at Gooseberry Falls, step-on guided tour of the longest stretch of Gilded Age mansions remaining in the country, fascinating city stories and a tour of the SS William Irwin floating museum and its sumptuously appointed staterooms for the rich and powerful. A guided tour of Taliesin, Frank Lloyd Wright's home and studio, is a must before returning to our home destination.
