

Brandon Fee
12th Street Elementary

I love Portage!

I love Portage! I think it's a great place to be. These are some places reported by me, Brandon Fee! Did you know that there is an outstanding library called the Portage District Library? There are tons of great books. There are vending machines and coffee too. I think you would want to come here.

Now, there is also some outstanding education found in Portage. It is the authentic, drama-touch, Portage Central High School! There is an indoor shop with mustang t-shirts. Also, there is a big statue of a mustang. The school has a large theater where they hold plays. Lastly, they have a Hall of Fame with trophies from every sport.

Now the fun begins! It is the realistic space-like Air Zoo! They have a playground for kids who are seven years old or younger. There is a rollercoaster ride at the Air Zoo. There is a virtual room with awesome graphics. Finally, there is a big lunchroom. (P.S. the hot dogs are the yummiest)! I hope you come to visit here. These are very good places to visit in Portage!
