I Love Portage

Do you love Portage as much as I do? Well I think Portage is an amazing place to live in. Portage has a phenomenal environment. It has really green grass, of beautiful blue and yellow flowers, and a fantastic landscape. Also, Portage has award winning schools. They're fun and the teachers in Portage are really nice. Portage has a lot of fun and friendly neighborhoods. There are so many awesome people in the neighborhoods that are playful and cheerful. Did I mention the humongous library? IT has the best books and amazing computer games. Finally, Portage has awesome sport fields with great dugouts and benches with the best fans ever. Those are some reasons I love Portage as much as I do.
