

Dear Mayor Strazdas,

Home's Portage and Portage's home. Portage is safe and clean. In my opinion, Portage is the coolest city to live in. Here are some reasons why I think Portage is the coolest.

First of all, Portage has a lot of beautiful parks to go to. There is a lot of room to make parks at. There also is a lot of people that live in Portage to go to the parks.

Also, Portage has a lot of Nature trails to hike on in Portage. Portage has a lot of forest and trees to make Nature trails in. So, that's why portage is called the "tree" city.

Last of all, Portage has all four seasons. It is very fun in the winter and summer because no school in the summer, and LOTS of snow in the winter. It is very fun and lucky to have all four seasons.

In conclusion, I think portage is an awesome place to live. It has very beautiful parks, Nature trails, and Portage has all four seasons. I think portage is the best place on earth to live in!
