

# Perfect Portage !

In my opinion Portage is a great place to live. There is great community, beautiful nature, and very helpful athletic programs. Those are things many people love about Portage!

Further on, some reasons there is great community is friends are close by, watching families gives me joy, and people help each other like with building, wrecking, or planting.

Another reason I love Portage is nice nature like beautiful blossoming flowers, trees that makes the setting right, and the most beautiful leaves that bring the trees to life.

In addition Portage has many athletic programs like lacrosse; an unusual sport, soccer; a fun game for all ages, and gymnastics to stretch.

As I have noted Portage is a great community, has beautiful nature, and athletic programs. Oh, and we have wonderful schools!
