## A Natural Place to Move

### A Message from Mayor Patricia M. Randall

Any idea what Presidents Calvin Coolidge, Grover Cleveland and Andrew Johnson all have in common? The answer is that each started their political careers as Mayors. Who knew?

Calvin Coolidge served as Mayor of Northampton, Massachusetts in the years 1910-1911. He became president when President Harding died of a heart attack in 1923. From Mayor to President took him only thirteen years. Grover Cleveland served as the Mayor of Buffalo, New York from 1881-1882. In three short years Cleveland catapulted to being the President in 1885. He was both the 22nd and 24th president of the United States, becoming the first president to serve nonconsecutive terms. Andrew Johnson served as Mayor of Greenville, Tennessee from 1830-1833.

He succeeded President Lincoln immediately following his assassination on April 15, 1865.

As with so many journeys, connecting with others on a similar path is helpful. This includes being a Mayor. The Michigan Association of Mayors (MAM) is a nonpartisan organization of Michigan's chief elected officials. It represents over 120 Michigan cities, townships and villages. The organization facilitates and promotes Mayors connecting with one another to share ideas, advance interests and work towards common goals. MAM also works with the Michigan Municipal League advocating for local issues at the state and federal levels through additional political channels.

The City of Portage will host the annual MAM Summer Workshop, August 6 to 8 at the Portage Zhang Senior Center and the Air Zoo. Food will be provided by locally owned restaurants, with entertainment at our Portage Parks & Recreation Summer Concert Series. We will showcase our

new senior center and present how Portage embraces our elderly as an "age-friendly" community. We do it well and hope that our success will jumpstart similar projects and policies in other communities throughout the state.

Other topics include addressing housing needs and emergency response plans. All communities are dealing with housing shortages and the tornado taught us much about being prepared for emergencies. I will share how Portage dealt with the aftermath of the 2024 tornado and our rebuilding process. In just one year we have made great progress!

I am proud of our city and the many things we have achieved. Showcasing our list of successes here in Portage with Mayors from across the state should bring us all pride. The path from the Mayor's office to the White House seems a longer journey today. And, frankly, I am not interested.

### Portage Road 360 Final Open House Online Feedback Due August 14

The Portage Road 360 project is entering its final phase, and community feedback continues to play a vital role in shaping the future of this important corridor.

Residents are invited to review the latest preliminary design plans

and share their input online through August 14. Comments collected during this period will help project engineers refine the next round of designs ahead of the final Portage Road 360 Open House.

Submit your feedback and explore the interactive map at [portagemi.gov/PR360Comments](http://portagemi.gov/PR360Comments) by Wednesday, August 14.

### Final Open House: September 25

The final Portage Road 360 open house will take place on Thursday, September 25, from 5:30 to 7:00 PM at the Portage Zhang Senior Center, 203 East Centre Avenue. The event will showcase updated concepts for all three sections of Portage Road (North, Core, and South) and mark the last major opportunity for public input before the design process concludes.

### Highlights from Open House #4

The most recent open house, held on June 18, welcomed more than 70 residents who explored draft plans and visited

interactive stations focused on multi-use paths, intersection improvements, green infrastructure, landscaping, lighting, and other design strategies.

Community members expressed strong support for:

- » Shared-use paths for pedestrians and cyclists
- » Lower speed limits and safer crossings for people and cars
- » Improved lighting and district identity features
- » Enhanced landscaping
- » Green infrastructure such as rain gardens and bioretention for storm drainage
- » Amenities like benches, bike racks, refuse containers, and public art.

All feedback – both in person and online – is helping shape a safer, greener, and more connected Portage Road.

### New Grant Funds Available for Business Landscaping Improvements

The City of Portage has expanded its Facade Improvement Grant Program to now include landscaping as an eligible expense. This enhancement to the program allows commercial property owners an additional opportunity to improve the appearance and curb appeal of their businesses while contributing to the overall vibrancy of the city.

The Facade Improvement Grant Program is available to retail, restaurant, service, and office businesses throughout Portage. The competitive grant provides a 50/50 matching reimbursement of up to \$25,000 for qualified street-facing

improvements. In addition, up to \$2,500 in architectural fees may be reimbursed without a match requirement.

"This expansion helps us better support business owners who are investing in their properties and, by extension, the vibrancy and appeal of our commercial corridors," said Jonathon Hallberg, Deputy Director of Economic Development. "Adding landscaping as

an eligible expense gives property owners even more tools to create inviting, high-quality commercial spaces."

The program is designed to support exterior upgrades that enhance the visual character of Portage and strengthen its economic base. Projects may include new facade materials, signage, windows, lighting, and now, landscaping that improves street presence.

Funds are limited, so interested businesses are encouraged to apply soon. Program guidelines and applications are available online at [portagemi.gov/incentives](http://portagemi.gov/incentives). For additional information, contact the Department of Community Development at 329-4474.

### Help Shape Plans for Housing and Community Needs in Portage

The City of Portage is launching a six-week public survey to gather input for an update to its Community Development Block Grant (CDBG) Program Five-Year Consolidated Plan. This plan guides how the city invests federal funding from the U.S. Department of Housing and Urban Development (HUD) to support affordable housing and community development needs.

The Consolidated Plan helps the city assess local needs – such as housing affordability, services for people experiencing homelessness, and support for residents with special needs – and use that information to make data-driven decisions. Topics addressed in the plan include lead-based paint hazards, public and assisted

housing, and access to services. Public input is critical to ensuring the plan reflects real community priorities. The survey will be open from July 28 to September 6, 2025, and can be accessed at [surveymonkey.com/r/D2XTH9L](http://surveymonkey.com/r/D2XTH9L) or by scanning the QR code.

After the survey period ends, a draft version of the Consolidated Plan will be created and shared for public comment. Two public hearings will also be held to gather feedback. All residents are encouraged to participate in this important process.

For more information about the City of Portage CDBG Program or the Consolidated Plan, contact the Department of Community Development at 329-4477.

## Food Scraps Recycling Pilot Program: Midway Update

Can you believe it's already been six months since the City of Portage launched the Food Scraps Recycling Pilot Program on January 6, 2025? Thanks to your overwhelming support and participation, the program has expanded beyond expectations. Due to high usage, additional bins were added at several park locations, and collection frequency increased from bi-weekly to weekly (every Friday). Your efforts are making a real difference!

Here's how much organic material has been diverted from the landfill so far:

Park Location	Total Weight (Average)
Oakland Drive Park	7,268 lbs
West Lake Nature Preserve	4,110 lbs
Portage Creek Bicentennial Park	4,108 lbs
Schrier Park	4,108 lbs
Westfield Park	4,108 lbs
Lakeview Park	4,108 lbs
Harbor West Park	3,950 lbs
Marlow Street/Haverhill	3,793 lbs
Lexington Green Park	3,636 lbs
Ramona Park	2,370 lbs

That's over 41,500 pounds of food scraps composted – reducing greenhouse gas emissions, extending the life of landfills, and helping build healthy Michigan soils. Your composting efforts are equivalent to NOT driving 41,226 miles.

**Reminder:** "When In Doubt, Leave It Out!"

To keep the program successful, please avoid placing the following in the bins: Plastic, metal, cardboard, glass, condiment packaging, bleached paper, and pet waste.

The Food Scraps Recycling Program will be evaluated at the end of 2025 to determine its long-term future.

To learn more, including what's accepted, where to drop off scraps, and how composting helps the environment, visit [portagemi.gov/993](http://portagemi.gov/993).

## Keep Portage Safe – Dispose of Meds Responsibly

Have unused or expired medications? Don't toss them in the trash or flush them. Improper disposal can harm the environment and contribute to prescription drug misuse, addiction, and overdose.

Instead, safely dispose of your medications in the Red Med Box, located at the Portage Public Safety Headquarters (7810 Shaver Road). The Red Med Box is available Monday through Friday, from 8 AM to 4 PM. All collected items are securely incinerated to ensure safe destruction.

### Accepted Items

- » Expired and unused medications
- » Over the counter medications
- » Antibiotics and steroids
- » Cold and flu medications
- » Vitamins and herbal supplements
- » Medication samples
- » Pet medications
- » Medicated ointment, lotions, drops
- » Unopened Epi-Pens
- » Liquid medications

### Unaccepted Items

- » Needles, lancets, syringes
- » Thermometers
- » IV bags
- » Bloody or infectious waste
- » Hydrogen peroxide, rubbing alcohol, etc.
- » Business waste
- » Empty containers
- » Personal care products
- » Used Epi-Pens
- » Aerosol cans
- » Electronic devices (diabetes testers)
- » Inhalers

The Red Med Box program is a collaboration between local law enforcement agencies, the Kalamazoo Household Hazardous Waste Center, the Kalamazoo County Substance Abuse Task Force, and other community partners. To learn more about the program, call the Kalamazoo County Household Hazardous Waste Center at 383-8741 or the Kalamazoo County Substance Abuse Task Force at 388-4200.

The Red Med Box is for use by individuals. Commercial business use is strictly prohibited due to limited available space.

## New Recreation Management Software Launching September 1

Big changes are coming to how you interact with Portage Parks & Recreation! Beginning September 1, the City of Portage will transition to a new Recreation Management Software: CivicRec. This user-friendly system will replace the current platform, Active Network, and will be used to reserve rental facilities, register for programs and events, and manage your Parks & Recreation account more efficiently than ever before.

CivicRec will offer a modern, streamlined experience, making it easier to browse activities, complete reservations, and track your participation, all from your phone, tablet, or computer.

In the coming weeks, we'll be sharing more details to help you get started, including how-to guides, helpful tips, and reminders. Be sure to follow us on social media, check the City of Portage website, and look for updates in the September issue of the *Portager* and the Fall/Winter Parks & Recreation Guide.

Stay tuned as we roll out this exciting upgrade, just in time for a new season of activities, events, and adventures in Portage Parks!

## Historic Portage Documents Find Permanent Home at Library

City of Portage history has a new home on Library Lane! For decades, some of the city's most important historic documents have lain idle in the Office of the City Clerk, including commemorative issues of the now defunct Portage Gazette, handwritten notes taken by the 1963 Charter Commission, and even township board minutes from the 1840s.

Recently, the City Clerk donated a collection of these documents to the Portage District Library. These important artifacts of Portage's past will be accessible in the Portage District Library's Historical Room for readers, researchers, and anyone curious about the development of our city's government. Stop by and travel through time during normal library hours.

Want more information on city records, or looking to make history yourself as part of our Advisory Boards & Commissions? Contact the Office of the City Clerk at 329-4511 or visit [portagemi.gov/158](http://portagemi.gov/158).

## One City, Two Teams, Endless Pride

Friday nights in the fall mean one thing in Portage – high school football under the lights! This season, show your community pride by cheering on the Portage Central Mustangs and the Portage Northern Huskies. Whether you're a lifelong fan or new to the stands, there's nothing like the energy of a hometown game.

The highlight of the season? The annual "cross-town rivalry" game between the Mustangs and Huskies, happening on Friday, October 10. It's more than just a football game – it's a Portage tradition that brings neighbors, students, alumni, and families together for an unforgettable night of school spirit and community unity.

It doesn't matter which team you root for – what matters is supporting our student-athletes, marching bands, cheer squads, and everyone who makes these Friday nights so special. So, gather your friends, don your school colors, and be part of the excitement!

**A friendly challenge is coming your way tied to the October 10 rivalry game – watch for details in the September Portager!**

## The Portager

The *Portager* is the official publication of the City of Portage, used to inform residents of city services and events, as well as city projects that have significance to Portage citizens. The newsletter is published monthly and delivered to every mailbox in the 49002 and 49024 zip codes.

This month's front and back cover photo features Fish Camp at Ramona Park on Long Lake.
